Apple , *Clarendon, Va* • iOS Tech Specialist

(08/2019) - (03/2022)

As a Technical Specialist, I help new owners get started and current ones get quick, efficient support — developing strong, positive relationships with Apple. When a customer needs assistance, I quickly assess their situation. I take care of customers with advice or a solution on the spot. I use my knowledge of current Apple technology to help with iPod, iPhone, iPad, Apple Watch, and Apple TV devices. I provided personal training for new and existing customers, helping them acquire the basic skills they need to get started on everything related to iOS.

The Fund For the Public Interest , *Washington, D.C* • Canvasser

(01/2019) - (07/2019)

Went door to door in neighborhoods in Virginia to educate and engage citizens, build support and fundraise to reduce styrofoam pollution. Eventually the state of Virginia is now banning the use of polystyrene by 2025.

United States Marine Corps , *Lemoore, CA* • *Aircraft Hydraulic Mechanic*

(06/2013) - (12/2017)

Read and utilize blueprints, maintenance manuals, service schedules and other maintenance documents to troubleshoot and complete work assignments

Inspected and examined aircraft components, including de-icing systems, hydraulic systems and landing gear, for leaks, cracks, breaks or other issues

Create aircraft panels for F/A-18 and F/A-35b from composite materials

Perform routine maintenance operations, such as the replacement of aircraft components

Perform hourly, daily and monthly inspections to check for cracks, oil leaks, burned areas, foreign object damage, warping, distortions, missing segments and wear on parts

Complete all tasks in the allotted time frame and to the quality standards

Promote safety within the workplace by monitoring others and myself to guarantee all tasks are performed within the safety manual guidelines, and communicate with other mechanics and officers to coordinate repairs and keep apprised of safety concerns

Check inventory of supplies, equipment, materials and parts for repairs and general maintenance

Keep detailed records of the inspections performed, repairs finished, maintenance procedures and ordered parts
